**FOUNDING AFFIDAVIT**

↓ *BP*

I, the undersigned,

**CATHERINE MOIRA KENNEDY**

do hereby make oath and state the following:

- 1 I am director of the South African History Archive Trust, situated at the Women's Jail, Constitution Hill, 1 Kotze Street, Braamfontein, Johannesburg.
- 2 Save where otherwise stated or where the context indicates to the contrary, the allegations made in this affidavit are within my personal knowledge, and are to the best of my knowledge and belief both true and correct. Where I make legal submissions, I do so on the basis of advice of the applicant's legal representatives.
- 3 I am duly authorised to bring this application on behalf of the applicant. In this regard, I attach a copy of a resolution of the Trustees of the South African History Archive Trust marked "**CMK1**".

**THE PARTIES**

- 4 The applicant is **THE SOUTH AFRICAN HISTORY ARCHIVE TRUST ("SAHA")**, a non-governmental organisation constituted as a trust in terms of the laws of South Africa. SAHA requested the information, which forms the subject matter of this application, from the first and second respondents.

5 The first respondent is the **MINISTER OF DEFENCE AND MILITARY VETERANS** in the national government ("the Minister"), who is cited in her official capacity as the Minister responsible for the Department of Defence and Military Veterans ("Department"), with offices situated at Armscor Building, Block 5, Level 4, cnr Delmas Avenue and Nossob Street, Erasmuskloof, Pretoria. The first respondent is cited care of the State Attorney, Pretoria, whose address is Office of the State Attorney Pretoria, SALU Building, 255 Francis Baard Street. The first respondent is a member of the National Executive and is responsible for the records that were subject to the applicant's request for information under the Promotion of Access to Information Act 2 of 2000 ("PAIA"). The Minister or the person designated by him or her is the "relevant authority" for deciding appeals, in terms of section 1 of PAIA.

6 The second respondent is **THE INFORMATION OFFICER OF THE DEPARTMENT OF DEFENCE AND MILITARY VETERANS**, with offices situated at Armscor Building, Block 5, Level 4, cnr Delmas Avenue and Nossob Street, Erasmuskloof, Pretoria. The second respondent is cited in her official capacity, as the officer who decides whether requests to the Department of Defence and Military Veterans for access to information, in terms of PAIA, should be granted or refused.

7 In this affidavit, reference to "the Department" is a reference to both respondents, unless the context indicates otherwise.

**NATURE OF THE RECORDS REQUESTED**

8 This application concerns a request for access to information from the Department of Defence relating to:

8.1 policies and practices of the apartheid government primarily during the 1980's ; and

8.2 the domestic deployment of the military, the names of reports on unlawful intelligence activities and intelligence failures and where declassified the actual reports, or parts of reports, as the case may be.

9 The information is sought as part of research into the historical activities of the military under apartheid. Notably, the information sought relates in the main to the late 1970's and 1980's— information sufficiently old that it cannot possibly constitute a national security concern, as the respondents have suggested in their communication with SAHA and their refusal of the request.

10 Moreover, this application arises from a clear and persistent failure by the Department to comply with its statutory and constitutional obligations and to give effect to PAIA. Had the Department complied with the process and timelines prescribed in PAIA, this application could have been brought more than a year earlier. However, as I set out below, the Department chose instead to follow a different process that delayed and prejudiced SAHA in its attempts to obtain the requested information. In what follows, I set out the objectives and functions of SAHA and the context in which the requests at issue in this application were made. Thereafter I detail the correspondence between the parties and SAHA's

attempts to obtain the records to which it is entitled.

**OBJECTIVES AND FUNCTIONS OF SAHA**

- 11 SAHA's objectives are to preserve, collect and catalogue materials of historic, contemporary, political, social, economic and cultural significance, and to encourage the accessibility of such materials to the public as a whole. I attach a copy of SAHA's trust deed marked "CMK2".
  
- 12 SAHA is an independent Non-Governmental Organisation ("NGO") dedicated to documenting and providing access to archival holdings that relate to past and contemporary struggles for justice in South Africa. It was established by anti-apartheid activists in the late 1980's to promote the recapturing of South Africa's lost and neglected history and to record history in the making. SAHA aims to document, support and promote awareness of past and contemporary struggles for justice through archival practices and outreach, and the utilisation of access to information laws.
  
- 13 In 2001, SAHA launched its Freedom of Information Programme, which is dedicated to using PAIA as a method to test and extend the boundaries of freedom of information in South Africa. This programme further seeks to create awareness of, compliance with, and use of PAIA.
  
- 14 Since 2001, SAHA has made over 1800 requests for information from various government departments and it has brought numerous applications in the High Court arising out of refusals of such requests. It has also intervened as *amicus*

*curiae* in a number of PAIA applications.

- 15 SAHA has developed a comprehensive capacity training programme for NGOs and community based organisations on using PAIA. It has developed resource kits, workshop guides, PAIA case study DVDs, and a dedicated online management system for the submissions and monitoring of PAIA requests made by members of the PAIA Civil Society Network, an umbrella body of organisations, established in 2008, working to advance the right of access to information in South Africa. SAHA has also trained hundreds of activists, students, community members, representatives of NGOs, government officials, attorneys and paralegals in the use of PAIA.

#### **THE NATURE OF THIS APPLICATION AND RELIEF SOUGHT**

- 16 This application is brought in terms of section 78(2) read with section 82 of PAIA, in response to the first and second respondents' refusals of the applicant's requests for access to information.
- 17 During August and September 2013, SAHA submitted twelve requests for information to the Department in respect of records in the Department's possession. This application seeks relief in relation to two of those requests.
- 18 The manner in which the Department has dealt with the requests at issue in this case leads to the inescapable conclusion that the Department has misconstrued its obligations under PAIA and the Constitution. Alternatively, it indicates an unwillingness by the Department to give effect to its obligations under PAIA.

Whichever of these is correct - the effect is that the clear requirements of PAIA have not been adhered to and records which ought properly to have been provided to SAHA, have not been made available despite the passage of a protracted period of time.

19 The applicant has therefore been forced to approach this Court for relief. This application relates to two requests for information made to the Department by SAHA, during August 2013. This application has been brought in relation to both requests in order to avoid the duplication of costs, and because the respondents and the issues raised by the requests are substantially the same.

20 Notably:

20.1 SAHA made both the PAIA applications in issue,

20.2 the requests were refused by the same respondents, and

20.3 they raise common questions of fact and law.

21 It is therefore appropriate for both requests to be dealt with in this application.

**JURISDICTION**

22 I am advised and submit that this Court has jurisdiction to hear this application by virtue of the definition of 'court' in section 1 of PAIA, which provides that 'court' includes the High Court within whose area of jurisdiction the requester is domiciled or ordinarily resident.

23 Section 82(2) of PAIA provides that the court hearing an application of the present sort may grant any order that is just and equitable including orders:

*“(a) confirming, amending or setting aside the decision which is the subject of the application concerned;*

*(b) requiring from the information officer or relevant authority of a public body or the head of a private body to take such action or to refrain from taking such action as the court considers necessary within period mentioned in the order;*

*(c) granting an interdict, interim or specific relief, a declaratory order or compensation;*

*(d) as to costs; or*

*(e) condoning non-compliance with the 180-day period within which to bring an application, where the interests of justice so require.”*

24 The respondents constitute a "public body" within the meaning of that term as contemplated by section 1 of PAIA. Moreover, the applicants have exhausted the relevant internal appeal procedures in PAIA in that:

24.1 The second respondent refused (either explicitly or through a deemed refusal) both of the applications for access;

24.2 Internal appeals were lodged against such refusals in terms of section 74 of PAIA;

24.3 Section 77(7) provides that where the relevant authority fails to give notice of a decision on an internal appeal within the stipulated period, the authority is regarded as having dismissed the internal appeal.

25 I submit below that either the late "decisions" by the second respondent were

ineffective because they were made after there was a deemed refusal as a matter of law, and after internal appeals had been lodged; or they are to be treated as decisions on appeal. In either event, the administrative process has run its course.

- 26 Accordingly, the applicant is entitled to bring this application in terms of section 78(2) read with section 82 of PAIA.

#### **THE IMPORTANCE OF THE CONSTITUTIONAL RIGHT OF ACCESS TO INFORMATION AND THE ROLE OF PAIA IN GIVING EFFECT TO THE RIGHT**

- 27 Section 32 of the Constitution establishes a right of access to information held by both public and private bodies. It states that:

*"(1) Everyone has the right to have access to*

*a) any information held by the State; and*

*b) any information that is held by another person that is required for the exercise or protection of any right.*

*(2) National legislation must be enacted to give effect to this right, and may provide for reasonable measures to alleviate the administrative and financial burden on the State."*

- 28 PAIA is the national legislation envisaged in section 32(2) of the Constitution. It was enacted in order to give effect to the right of access to information and to promote the values of openness, transparency, accountability and good governance – principles foundational to the Constitution.

- 29 The preamble of PAIA records that the system of government in South Africa before 27 April 1994 "resulted in a secretive and unresponsive culture in public

and private bodies which often led to an abuse of power and human rights violations". The preamble continues that PAIA is enacted to "foster a culture of transparency and accountability in public and private bodies by giving effect to the right of access to information".

30 Section 9 of PAIA describes as its object, *inter alia*, the promotion of:

*"... transparency, accountability and effective governance of all public and private bodies by including, but not limited to, empowering and educating everyone*

*to understand their rights in terms of this Act in order to exercise their rights in relation to public and private bodies;*

*to understand the functions and operation of public bodies;*

*to effectively scrutinise... decision-making by public bodies that affects their rights."*

31 I am advised and submit that:

31.1 in terms of PAIA, public bodies are under a duty to provide access to a requested record, or part of it, unless refusal of the request is permitted or required by one or more of the grounds listed in PAIA; and

31.2 every request for access to information in terms of PAIA is an invocation of the section 32 right in the Constitution and entitles the requestor to access to the requested record, or part thereof, if that requestor complies with all the procedural and statutory requirements set out in the statute, unless there is a valid ground of refusal on which the private or public body may rely.

31.3 the Constitutional Court has repeatedly made clear that the right of access to information is fundamental to the realisation of the other rights guaranteed in the Bill of Rights.

32 I now turn to deal with the nature of the requests.

### THE REQUESTS

33 On 23 August 2013, SAHA made four PAIA requests to the Department for records archived by the Department on behalf of the South African Defence Force. The records relate to the following archive groups:

33.1 Military intelligence,

33.2 Military Budgets, and

33.3 Operations by Chief of Staff.

34 One of these requests, SAH-2013-DOD-0008, is the subject matter of this application. To this request was attached an annexure – Annexure A – which itemised the documents that SAHA sought to obtain from the Department. Annexure A specifically identifies each set of records requested by box number and archive group. A copy of this request is attached and marked “**CMK 3**”.

35 On 27 August 2013, SAHA made a further PAIA request to the Department for all records:

*"1. Listing all joint deployments of the South African National Defence Force and the South African Police Service for each of the financial or calendar years that are available for the period from 1 January 2003 to 31 July 2013, including for each of the deployments - noting the information is sought even if each additional piece of requested information listed below is not available:*

- The description and nature of the deployment(s),*
- Start and end dates for the deployment(s),*
- Names of units deployed for each service, and*
- Number of units deployed for each service.*

*2. Listing the names/titles of reports provided to the Inspector-General of Intelligence on unlawful intelligence activity or significant intelligence failure for those intelligence services/divisions in the South African National Defence Force that are accountable to the Minister of Defence and Military Veterans for each of the financial or calendar years that are available for the period from 1 January 2003 to 31 July 2013.*

*3. The declassified reports, or declassified parts of those reports (referred to in No. 2 above) provided to the Inspector-General of Intelligence for each of the financial or calendar years that are available for the period from 1 January 2013 to 31 July 2013."*

36 A copy of this request is attached as annexure "CMK 4". SAHA's reference number in respect of this request is SAH-2013-DOD-0011.

37 This application concerns both requests: SAH-2013-DOD-0008 and SAH-2013-DOD-0011.

**RESPONSES TO THE REQUESTS**

38 The Department's response to the requests for information indicate a failure to follow the scheme of PAIA, and to comply with the obligations that flow from that scheme, as well as from the Constitution. Alternatively, the Department's attitude

is reflective of a complete disregard of the processes set out in PAIA.

- 39 I say this because the Department has consistently failed to respond to SAHA's requests in a timely manner, and in several instances, responded to the requests after there had already been a deemed refusal of the request and internal appeals had been filed. The Department's practice in this regard is out of step with the PAIA processes, and it frustrates SAHA's right of access to information.
- 40 Where it refused access to records, the Department's stated grounds (for such refusal) are a regurgitation of the provisions of PAIA, without any detail of why any of the grounds specified apply to the specific records requested.
- 41 Finally, despite the refusal of requests, the Department continued to engage with SAHA, giving the indication that it would provide access to records notwithstanding its refusals. On 15 June 2015, SAHA wrote to the Department seeking a clear decision on its outstanding requests and an opportunity to access any records to which access could be granted. I attach a copy of this email marked "**CMK 5.**"
- 42 In response, on 22 June 2015, the Department wrote to SAHA by letter attached hereto marked "**CMK 6.**" In relation to SAH-2013-DOD-0011, that letter indicated that the information had been requested from the Department of Defence Joint Operations Divisions. The records had been consolidated and would be submitted to the Director General's office as soon as the Chief of Joint Operations had signed the letter. Moreover, the letter stated that once the

records had been received by the Director-General's office, a process must be followed in order to determine whether the records can be made available to SAHA. This involves declassification, masking, legal recommendation before final decisions are taken by the Chief of South African National Defence Force and Secretary of Defence as to whether the records may be released. In relation to SAH-2013-DOD-0008, that letter indicated that the department was "co-ordinating" the request and would revert to SAHA upon finalisation of an internal report.

43 Notably, the above letter makes clear that:

43.1 Notwithstanding the fact that the Department has in both instances either refused access or failed to respond to the request thereby allowing a deemed refusal of access, it considers the requests to be open to being considered once more and is in the process of making that determination.

43.2 Moreover, the Department is of the view that the final decision as to whether or not the records ought to be released, lies with the Chief of South African National Defence Force and/or the Secretary of Defence. This is in direct conflict with the provisions of PAIA as I set out below.

43.3 In short, the letter makes clear that the Department has adopted a process for the evaluation of requests for information, which is contrary to the clear and unambiguous process set out in PAIA. This has resulted in the present situation, in which SAHA has allowed the Department an extended

period of time in the hope that it would be provided with the information requested, without the need to approach a court. However, the Department's letter of 22 June 2015 makes clear that no decision is imminent and even if it were, the process followed by the Department is so hopelessly inadequate and non-compliant, that SAHA has no recourse but to approach this Court for access to the records requested.

44 I now turn to deal with the Department's response to each of the two requests that this application concerns itself with:

***The Department's Response to SAH-2013-DOD-0008***

45 After submitting this request on 23 August 2013, SAHA sent letters to the Department, on 2 and 27 September 2013, and 7 October 2013, reminding the Department that PAIA required the Department to respond to requests for information within 30 days. These letters are attached and respectively marked "CMK 7", "CMK 8", and "CMK 9". None of these reminders yielded any response from the Department.

46 However, on 7 January 2014, at the Department's request, SAHA re-sent its original PAIA request. The Department's email requesting SAHA to re-send its original request, as well as SAHA's response attaching the request are attached as annexures "CMK 10" and "CMK 11" respectively.

47 SAHA therefore filed an internal appeal in terms of the Act, on the grounds that the Department's silence, past the 30-day period, amounted to a deemed refusal in terms of section 78(7) of PAIA. A copy of the internal appeal is attached and

marked "CMK 12".

48 SAHA's internal appeal was filed on 31 October 2013, but when it appeared that the email attaching the appeal form might not have gone through to the Department, SAHA sent it again on 20 January 2014. Annexure "CMK 13" is a copy of SAHA's email of 20 January 2014, attaching the internal appeal.

49 Notwithstanding the provisions of section 77(3), which require the relevant authority to decide on an appeal within 30 days, the Department responded to SAHA's request over a year later (on 13 November 2014).

50 This response is attached marked "CMK14". It granted access to certain of the requested records, advising SAHA that these records had been declassified and were ready for perusal. However, the Department also provided a list of records falling within SAHA's request, the description of which did not correspond with the Department's archival "box numbers" and further declined to grant SAHA access to 28 of the requested files, on the following grounds:

50.1 Section 41(1)(a)(i) and (ii) in that the records can reasonably be expected to cause prejudice to the defence or the security of the Republic.

50.2 Section 41(1)(b)(i),(ii) and (iii) in that if disclosed, the information would reveal information:

- 50.2.1 supplied in confidence by or on behalf of another state or an international organisation.
- 50.2.2 supplied in confidence by or on behalf of another state or an international organisation in terms of an arrangement or international agreement (contemplated in section 231 of the Constitution) with the State or organisation, that the information so supplied would be held in confidence.
- 50.2.3 the release of which would reveal information required to be held in confidence by an international agreement or customary international law, as contemplated in section 231 or 232 of the Constitution.
- 50.3 Section 41(2)(b) in that the release of the record would reveal information required to be held in confidence regarding the purpose of intelligence relating to:
- 50.3.1 The defence of the Republic;
- 50.3.2 The detection, prevention and suppression or curtailment of subversive or hostile activities; or

50.3.3 Another state or international organisation used by on behalf of the Republic in the process of liberation and consultation in the conduct of international affairs.

50.4 I point out that the Department stated that it relied for its refusal on section 41(2)(b) but then proceeded to quote section 41(d). For present purposes we assume that the reference to section 41(2)(b) was an error and the Department intended to rely on section 41(2)(d).

50.5 Section 41(2)(c)(i) and (ii) in that the release of the records would reveal information about or relating to the characteristic, capabilities, vulnerabilities, performance, potential, deployments or functions of:

50.5.1 Any military force, unit, or personnel; or

50.5.2 Any body or person responsible for the detection, prevention, suppression or curtailment of subversive or hostile activities.

50.6 Section 41(2)(d)(i) and (ii) in that the requested records "are kept closed" for intelligence purposes relating to the defence of the Republic and the "detection, prevention, suppression or curtailment of subversive or hostile activities". This appears to be a repetition of the reliance on section 41(2)(d) referred to above.

50.7 Section 41(2)(e) in the requested records contain information on methods

of, and scientific or technical equipment for, collecting, assessing or handling information.

50.8 Section 41(2)(f) in that the requested records contain information on the identity of a confidential source and any other source of information.

50.9 Section 34(1) in that the disclosure of the information "would involve the unreasonable disclosure of personal information about a third party, including a deceased individual".

51 Not only is the Department's reliance on the above provisions not justified, but the Department does not appear to accurately apply the relevant provisions. In fact, it misconstrues the substance of at least one provision:

51.1 For example, section 41(2)(b) of the Act allows for a refusal of requests if the requested information contains information relating to: -

*"the quantity, characteristics, capabilities, vulnerabilities or deployment of: (i) weapons or any other equipment used for the detection, prevention, suppression or curtailment of subversive or hostile activities; or (ii) anything being designed, developed, produced or considered for use as weapons or such other equipment."*

52 Section 41(2)(b) does not allow for a refusal on the basis that the information requested contains information relating to "any military force, unit, or personnel", as the Department states in its refusal letter referred to above. The Department's reliance on this provision, in refusing access, is therefore, without merit.

- 53 The decision letter was further deficient in that it failed to provide a decision on every part of the request.
- 54 On 28 November 2014 SAHA provided feedback to the Department on the records the Department had identified as not corresponding with the Department's archival "box numbers". In this communication SAHA also noted that the Department's decision letter (CMK 14 above) failed to address at all 14 records forming part of the request and listed those records for the attention of the Department. A copy of SAHA letter is attached and marked "**CMK 15**".
- 55 On 18 February 2015, the Department addressed a letter to SAHA, in which it noted that the outstanding parts of the request under Departmental reference number SAHA 2013/0008 (SAHA reference number: SAH-2013-DOD-0008) were being attended to by the Department's Archives. A copy of this letter is attached and marked "**CMK 16**".
- 56 On 15 June 2015, SAHA wrote to the Department (annexure CMK 5), seeking to confirm whether the Department had, in light of its letter of 18 February 2015, taken any further decisions. In response, the Department wrote to SAHA indicating that it got assurance from the Defence Intelligence Division that the latter was "*currently busy coordinating these requests and would submit a report before the end of June 2015*". The Department indicated further that SAHA would be "*informed of the outcome as soon as the report is received from the departmental archives and Defence Intelligence Division*".

- 57 The Department then sent a further letter to SAHA, dated 6 July 2015, advising that access to one of the files in its request was not granted and that the refusal was based on section 34(1) of PAIA. In relation to other files under the same request, the Department referred SAHA to "*pages 8 and 9, paragraphs 34 to 38 of the letter dated 13 November 2014. (Attached as enclosure 1, pages 8 and 9 of the letter dated 13 November 2014 for easy reference)*". A copy of this letter is attached and marked "**CMK 17**".
- 58 Although referred to as enclosures, the Department omitted to attach pages 8 and 9. SAHA wrote to the Department on 13 July 2015, pointing out the omission, indicating that the letter in its possession dated 13 November 2014 was incomplete, and requesting a copy of the letter that the Department had referred to. A copy of this correspondence is attached and marked "**CMK 18**".
- 59 On 17 July 2015 the Department forwarded a copy of the decision letter of 13 November 2014 (annexure CMK 14). A copy of this correspondence is attached and marked "**CMK 19**". To which correspondence SAHA responded on 24 July 2015 noting that page 9 was missing from the decision letter and seeking clarity on whether the Department would be providing a decision on the outstanding parts of the request, as per its communication dated 18 February 2015 (annexure CMK 16).
- 60 Page 9 of the 13 November 2014 letter (which had not previously been provided) was sent to SAHA on 21 August 2015, under cover of a letter in which the Department advised SAHA that its decision on 13 November 2014 was final. This

was surprising, especially in light of the advice given to SAHA in the 18 February letter, that the request was being attended to. A copy of the 21 August 2015 letter is attached and marked "CMK 20".

61 On 21 September 2015 SAHA wrote to the Department noting that, despite the provision of the page missing from the decision letter of 13 November 2014 (annexure CMK 14) the Department's decision still failed to address two records listed in the request.

62 On 7 October 2015, Ms Toerien van Wyk of SAHA met with the Department's Col. Barnard. With respect to SAH-2013-DOD-0008 Col. Barnard indicated, in relation to the two records which SAHA noted a decision was still outstanding on, that access had in fact been denied, on the basis of section 34 of PAIA, to one of the two records [this record had, according to the Colonel, been addressed in the Department's decision letter (annexure CMK 14) – but that the Department had erroneously cited the record incorrectly due to a typographical error], the Colonel undertook to follow-up on the second record and provide a decision thereon. With respect to the list of records in relation to which the Department had indicated in its decision letter that the descriptions did not correspond with the archival "box numbers" and on which SAHA had provided feedback on 28 November 2015 the Colonel undertook to follow-up internally and to provide SAHA with feedback. This has not happened to date. Ms van Wyk's confirmatory affidavit is attached.

63 In communication dated 6 November 2015, attached and marked "CMK 21", the

Department again confirmed to SAHA that it was attending to the outstanding parts of the request.

***The Department's Response to SAH-2013-DOD-0011***

- 64 SAHA made a request to the Department on 27 August 2013, and wrote to the Department on 1 and 6 September 2013, as well as on 1, 11 and 26 October 2013, reminding it that PAIA requires the Department to respond to requests for information within 30 days. Copies of these letters are attached as annexures "CMK 22", "CMK 23", "CMK 24", "CMK 25", and "CMK 26", respectively.
- 65 SAHA deemed the Department's lack of a response as a refusal in terms of section 27 of PAIA. It thus filed an internal appeal on 12 November 2013. A copy of the internal appeal is attached and marked "CMK 27".
- 66 On 29 November 2013, the Department responded to SAHA's request as follows:

"1 . . .

*2. The reports in section D, paragraphs 2 and 3, are in the domain of the State Security Agency and not in the Department of Defence. The reports are compiled by the Inspector-General of Intelligence after conducting the monitor and review of Defence Intelligence and Counter Intelligence activities. Therefore, the request is transferred back to SAHA in terms of section 20(2)(a) [and] (b).*

*3. You are herewith informed that section D paragraph one (1) of your request is currently being attended to . . . Therefore this office requests a further extension in terms of section 26(1) of the Act until 30 December 2013 in order to complete your request."*

*In relevant part, section 20(2) provides as follows:*

*"If a request for access is made to the information officer of a public body in respect of which-*

*the record is not in the possession or under the control of the public body of that information officer and the information officer does not know which public body has possession or control of the record;*

*the record's subject matter is not closely connected to the functions of the public body of that information officer and the information officer does not know whether the record is more closely connected with the functions of another public body than those of the public body of the information officer to whom the request is made . . .*

*the information officer to whom the request is made, must as soon as reasonably possible, but in any event within 14 days after the request is received, transfer the request to the information officer of the public body by or for which the record was created or which received it first, as the case may be."*

67 In response to the Department's letter, SAHA noted that although section 26(1) of PAIA does not apply to internal appeals, it undertook not to take further steps to challenge the internal appeal until 6 January 2014. SAHA also brought to the Department's attention that the reports to which it sought access are not compiled by the Inspector-General of Intelligence. It clarified that the reports it requested are those prepared by the Department, and then sent to the Inspector-General of Intelligence (which the Inspector-General, in turn, uses to compile other reports). SAHA further pointed out to the Department that in any event, section 20(2), firstly, does not apply to internal appeals but to original requests and, secondly, allows only for transfers to public entities, and that it was therefore not open to the Department to transfer a request to SAHA. SAHA's email, dated 29 November 2013, is attached and marked "**CMK 28**".

68 When no response was forthcoming from the Department, SAHA wrote a follow-

up email on 10 December 2013. A copy of it is attached as "**CMK 29**".

69 On 11 December 2013, the Department sent an email to SAHA, advising that a new letter, which related to SAHA's request had been drafted and would be signed the next day. However, on 12 December 2013, the Department addressed a letter to SAHA, which is virtually identical to the 29 November letter. Copies of these letters are attached and marked "**CMK 30**" and "**CMK 31**".

70 SAHA sent further emails to the Department, on 16 January 2014 and 7 February 2014, asking for an update on its request. Copies of these emails are attached and marked "**CMK 32**" and "**CMK 33**". The Department responded on 17 February 2014, advising that the records referred to in SAHA's request, had been transferred to the Inspector-General Intelligence, "*as the request does not fall with the ambit of the Department of Defence.*" A copy of this letter is attached and marked "**CMK 34**".

71 On 25 February 2014, SAHA sought confirmation from the Department as to whether the Department would deal with the entirety of its request, and that no part of it would be sent back to the Inspector General. A copy of its correspondence in this regard is attached as "**CMK 35**". The Department responded on the same date, advising that:

*"After a discussion with Adv J Govender on 20 February 2014 the transfer of this request to the Inspector-General Intelligence is being retracted. The Department of Defence will pursue this request further for the records requested."*

- 72 Annexure "**CMK 36**" is a copy of the Department's letter to SAHA. SAHA then wrote to the Department again on 27 February 2015, asking when it could expect a response and requesting a time frame for a response from the Department. No response was received to this letter. SAHA again sent a follow-up communication on 15 June 2015 (annexure CMK 5) requesting a decision on this request.
- 73 On 22 June 2015, the Department addressed a letter to SAHA, advising that the information regarding request SAH-2013-DOD-0011 had been requested from the Department of Defence Joint Operations Division. The letter advised further that as soon as these records were received from the Department of Defence Joint Operations Division, they would have to go through a further internal process. A copy of this letter is attached as "**CMK 37**".
- 74 On 7 October 2015, Ms Toerien van Wyk of SAHA met with the Department's Col. Barnard and he indicated that there are two more decision makers that needed to sign-off on the decision regarding request SAH-2013-DOD-0011. Yet again, no such decision was forthcoming.
- 75 SAHA attempted to follow up on this by letter dated 25 November 2015. The Department's response, dated 30 November 2015 stated that it was processing the request and outlining its internal processes. SAHA's letter and the Department's response are attached hereto as "**CMK 38 and CMK 39**".

***The Department's position in relation to bundle and box numbers***

- 76 On 25 February 2015, the Department's Lt Col. Erika Strydom called SAHA's Ms

Van Wyk to enquire as to the status of payment of request fees with respect to a number of SAHA's PAIA requests (with respect to the two requests forming part of this application, full payment had in fact, at that time, been made by SAHA).

77 During the course of this conversation, Lt Col Strydom brought to SAHA's attention that SAHA had provided the Department with bundle numbers instead of box numbers in certain instances. Lt Col. Strydom, also noted that these mistakes had been rectified on SAHA's behalf.

78 The corrections were made on SAHA's behalf because the requests had been with the Department for so long. But the Department was clear that in future, it would simply deny requests that contain bundle numbers instead of box numbers, and the requestors would have to re-submit their requests with the correct details. In response, Ms van Wyk indicated that the problem often emanated from the Department's archival lists, which are inaccurate. Lt Col. Strydom's suggested requesters should take up the issue of inaccurate archival lists with Ms Jooste of the Department's Archive.

79 I pause to highlight that such a requirement would have the effect of limiting SAHA's right of access to information without cause.

79.1 SAHA gets its information from the Department's archival lists, yet where those lists are inaccurate, the Department seeks to have the requestor (such as SAHA) bear the brunt of its own mistakes. In response to Lt Col. Strydom, Ms van Wyk indicated that while SAHA will request that researchers also write to Ms Jooste to clarify the list, where a PAIA request

is made, it will also be addressed to the Deputy Information Officer, in line with PAIA processes.

79.2 Moreover, it may not always be possible for a requested to identify where precisely a record is located in the Department's archives. The provision of box numbers is an added assistance by SAHA for the benefit and ease of the Department. It is not a requirement under PAIA.

80 In any event, during the conversation, Ms van Wyk once again enquired as to the status of the outstanding 2013 requests. The response she received was that the requests were being attended to.

81 Ms van Wyk followed up the telephonic conversation with a letter, dated 27 February 2015, in which she noted that on 24 February 2014, the Department indicated that it would pursue the requests further, and sought an indication as to whether SAHA could expect a response "shortly". A copy of this letter is attached and marked "CMK 40."

82 As set out above, to date, no sufficient response to the outstanding requests has been received.

#### **PUBLIC INTEREST AND THE RELEVANCE OF REQUESTED DOCUMENTS**

83 I am advised and submit that the each of the two requests has been refused- whether by virtue of a deemed refusal under the statute, or by virtue of a refusal after the internal appeal was filed. There is no merit in any of the grounds of refusal. This is because the period of time which has lapsed has rendered any

confidential information or privacy interests inapplicable. Moreover, the records requested under SAH-2013-DOD-0008 relate to policies and practices of the apartheid government during the 1980's and the records requested under SAH-2013-DOD-0011 relate to the domestic deployment of the military, the names of reports on unlawful intelligence activities and intelligence failures and where declassified the actual reports, or parts of reports, as the case may be.

84 In any event, even if there was potentially a valid ground for refusing access to the requested records, I am advised and submit that the public interest in the disclosure of the records is so significant that it would in any event outweigh any harm contemplated in any such ground.

85 Section 46 of PAIA provides:

*"Despite any other provision of this Chapter, the information officer of a public body must grant a request for access to a record of the body contemplated in section 34(1), 36(1), 37(1)(a) or (b), 38(a) or (b), 39(1)(a) or (b), 40, 41(1)(a) or (b), 42(1) or (3), 43(1) or (2), 44(1) or (2) or 45, if-*

*(a) the disclosure of the record would reveal evidence of-*

*(i) a substantial contravention of, or failure to comply with, the law; or*

*(ii) an imminent and serious public safety or environmental risk; and*

*(b) the public interest in the disclosure of the record clearly outweighs the harm contemplated in the provision in question."*

86 This general override provision is mandatory and does not vest any discretion in the information officer.

87 In other words, even if any one of the grounds of refusal were otherwise valid, the second respondent was nevertheless obliged to make the records available

in the public interest. The respondents do not show that they considered this issue adequately or at all.

88 I submit that it is in the public interest for the records requested to be disclosed.

***The public interest in disclosure***

89 The SAH-2013-DOD-0008 request relates to files primarily for the period 1978-1994 (barring a handful of exceptions where the file period extends to 1996). These are all documents that primarily explain the (then) South African Defence Forces (SADF) procurement practices during the apartheid era, at a time of heightened state militarisation and engagement in armed conflict within the Southern African region and the Republic of South Africa. The documents to which SAHA has been denied access are primarily from two archival groups: 'Military Intelligence' and 'Chief of Staff Finance'. The Chief of Staff Finance was engaged in procurement at a number of levels and this category of documents would give SAHA and its researcher associates insight into historical controls over the use of public funds by the apartheid military. The SADF Military Intelligence played an important role during the apartheid period in facilitating the contacts that enabled the apartheid state to procure weapons across the world in clear and direct violation of mandatory United Nations sanctions. Access to these documents is therefore crucial to understanding historical practice largely hidden from public view in South Africa. These documents are likely to include details of criminal conduct and require a public airing not least because they almost exclusively stem from the apartheid period.

90 The withholding of this information has had a negative effect on the South African

public's ability to engage with and understand the extent of illegal practices and their relationship to apartheid.

- 91 Moreover, certain of the requested records relate to aspects of governance in South Africa, which are largely focussed on a period of between 20 and 40 years ago. It has become increasingly difficult to find individuals and material that can help shed light on some of the narratives which emerge from records to which access had previously been restricted.
- 92 The longer the delay in accessing the requested records, the more likely it is that key sources (some of whom will be identified by these documents) would have passed away. Therefore, any delays in accessing the information will inhibit researchers' ability and that of the public to understand the records within their proper context.
- 93 In essence, these requests relate to an important, but poorly researched and understood aspect of South Africa's recent past.
- 94 The SAH-2013-DOD-0011 request relates to joint deployments of the military and the police, and intelligence failures reported on to the Inspector-General of Intelligence.
- 95 The 1996 White Paper on National Defence cautioned against the use of the military for internal security purposes. This is because the military is trained to use maximum force during periods of external aggression against the country (such as war waged by an invading army). The police, on the other hand, are

trained very differently, as they are focused on domestic security matters, usually in times of peace. They tend to use minimum force and escalate it according to the level of threat they face. These differences make military personnel ill-suited for domestic deployment. Information available in the public domain suggests that the military is being deployed with the police with growing frequency. It is essential that the public gain a full understanding of the extent to which this is so, and to establish whether these deployments are absolutely necessary.

- 96 South Africa has a history of secrecy recognised in the Preamble of PAIA. The new constitutional and legislative framework put in place after apartheid was meant to ensure that such abuses never happened again. Access to the reports on intelligence failures made to the Inspector-General are important as they will shed light on the effectiveness of these most sensitive areas of government and provide an indication on whether the new legislative framework is effective in avoiding the abuses perpetrated under apartheid, something the public has a clear interest in.
- 97 Further, South Africa is anticipating a review of intelligence policy, to be followed by a State Security Agency Bill. It will be impossible for the public to engage meaningfully in this review without more insight into the workings of the intelligence agencies, how they have functioned and whether they are meeting their mandates of anticipating significant threats to national security.
- 98 The public's interest in the requested documents can therefore relate to a past and present secretive and unresponsive culture, something that PAIA was

intended to change.

**THE RESPONDENTS' REFUSALS OF THE REQUESTS ARE UNJUSTIFIED**

99 As appears from what I have set out above, the Department has, despite the passage of a significant period of time and repeated assurances that a decision is forthcoming in relation to SAH-2013-DOD-0011 failed to provide a substantive decision on that request. The request is deemed refused by operation of the provisions of section 27 of PAIA and the internal appeal is deemed dismissed by operation of the provisions of section 77(7) of PAIA.

100 Where the Department has provided a substantive decision, in relation to SAH-2013-DOD-0008, it has asserted pro forma and generic grounds of refusal. Many of the grounds of refusal are self-evidently inappropriate, as evidenced by the Department's Decision letter attached to this affidavit. This substantive refusal shows that the decision-maker cannot have considered the matter properly, and cannot have had regard to whether the exemptions provided in PAIA are actually applicable to the content of each of the records so refused.

101 The refusals are all blanket refusals, applying to every part of every record refused. I submit that it is inconceivable that every part of every document refused may not be disclosed. It is clear the respondents have not properly considered every part of every record refused.

102 The respondents are required by PAIA to provide adequate reasons for the refusal of any request. I submit that a simple repetition of the statutory grounds

of refusal, without applying those to the facts of the case, does not amount to the giving of reasons at all, let alone adequate reasons. The failure to give adequate reasons, where this is a legal obligation, gives rise to the inference that there are no justifiable or adequate reasons for the refusals.

## GROUNDS OF REFUSAL

103 In essence, the requests have been refused on the grounds that:

103.1 the release of the documents would reveal information required to be held in confidence by international agreement or customary international law, contemplated in sections 231 or section 232 of the Constitution.

103.2 the release of the record would reveal information required to be held in confidence, in order to protect:

- (i) the defence of the Republic;
- (ii) the detection, prevention, suppression or curtailment of subversive or hostile activities; or
- (iii) another state or an international organisation used by or on behalf of the Republic in the process of deliberation and consultation in the conduct of international affairs.

103.3 the release of the record would reveal information containing trade secrets of the State or public body.

103.4 the disclosure of the records can reasonably be expected to cause prejudice to the defence or the security of the Republic.

103.5 if disclosed, the information would reveal information:

103.5.1 Supplied in confidence by or on behalf of another state or an international organisation.

103.5.2 Supplied in confidence by or on behalf of another state or an international organisation in terms of an agreement or international agreement (contemplated in section 231 of the Constitution) with the State or organisation, that the information so supplied would be held in confidence.

103.5.3 The release of which would reveal information required to be held in confidence by an international agreement or customary international law, as contemplated in section 231 or 232 of the Constitution.

103.6 the release of the records would reveal information about or relating to the characteristic, capabilities, vulnerabilities, performance, potential, deployments or functions of:

103.6.1 Any military force, unit, or personnel; or

103.6.2 Anybody or person responsible for the detection, prevention, suppression or curtailment of subversive or hostile activities.

103.7 the requested records "are kept closed" for intelligence purposes relating to the defence of the Republic and the "detection, prevention, suppression or curtailment of subversive or hostile activities".

103.8 the requested records contain information on methods of, and scientific or technical equipment for, collecting, assessing or handling information.

103.9 the requested records contain information on the identity of a confidential source and any other source of information.

103.10 the disclosure of the information "would involve the unreasonable disclosure of personal information about a third party, including a deceased individual".

104 I am advised and submit that these responses are flawed for the reasons which I have given above, and for the further reasons which follow. In light of the general approach adopted by the respondents, I deal with these reasons in a consolidated manner to avoid prolixity.

***Failure to apply section 28 (severability)***

105 At no stage in any of the decisions does there appear to have been any attempt to consider whether any part of any of the requested records can be released. This is required by section 28 of PAIA. In summary, section 28 of PAIA provides that information must be disclosed where information that may or must be

refused can reasonably be severed from any part of a record that does not contain information that may or must be refused.

106 The failure to consider whether any part of the requested records may be released with the appropriate severance of those portions of the records which may validly be withheld, constitutes a failure to comply with the obligations imposed on the Department by PAIA.

***Some of the requested information relates to an official of a public body***

107 It appears that the respondents have also not considered section 34(2)(f) of PAIA which, in summary, states that a record containing personal information about a third party may not be refused insofar as it consists of information about an individual who is, or was, an official of a public body, and which relates to his or her position or functions in that capacity.

107.1 This is of particular relevance to the documents relating to the *Operations of the Chief of Staff*. The individuals who held these posts were officials of a public body and the information sought relates to their functions in those capacities.

107.2 It is probable that the records relevant to the two requests also contain information relating to the functions of officials of public bodies.

107.3 Given the nature and origin of the requested records, it seems unlikely that there could not have been a single record or part of a record to which this subsection would be applicable. The respondents do not, however,

indicate that this aspect was ever considered. They do not say that they have not found a single document, or any part of a record, to which this applies.

***South Africans have a right to access state-held information***

108 The refusal by the Department to provide SAHA with access to the requested records, and the manner of these refusals, both the substantive and the deemed refusal, demonstrates that the Department has only paid lip service to the right of all South Africans to access any information held by the State, as contained in section 32 of the Constitution and PAIA. This will be addressed in argument at the hearing of this matter.

**SECTION 80 OF PAIA**

109 Section 80(1) of PAIA makes provision for what our courts have termed “a judicial peek”. It provides:

*“Despite this Act and any other law, any court hearing an application, or an appeal against a decision on that application, may examine any record of a public or private body to which this Act applies, and no such record may be withheld from the court on any grounds*

110 Should this Court wish to examine the records concerned with a view to determining whether there is any basis for refusing access to the records concerned, it is empowered to do *mero motu*.

111 I submit that a “judicial peek” would be appropriate if there are any material disputes of fact as to what the records contain. The manner in which the respondents have given “reasons” has made it impossible for the Applicant to

engage further with the facts in these founding papers, because the respondents have simply not put up any facts which can be addressed.

112 I record that to the extent that the Department seeks assistance in compiling the requested documents, SAHA hereby tenders the necessary assistance in the form of personnel for this purpose.

### **CONDONATION**

113 The conduct of the Department in failing to comply with any timeline in PAIA but then indicating that it may provide access to the records requested resulted in a situation in which SAHA was unclear as to whether the Department was about to provide it with the records requested. It therefore made every effort to avoid approaching a court in the hope that the Department was attempting to provide access, albeit in a somewhat misguided manner.

114 Upon receipt of the Department's letter dated 22 June 2015, SAHA started to doubt whether it would obtain access to the records requested. It therefore placed the Department on terms to indicate an appropriate timetable for the provision of the records by 6 July 2015, failing which it would approach a court for assistance.

115 The Department's failure to provide the requested timetable, coupled with its letter of 21 August 2015, necessitated the bringing of this application. To the extent that this Court is of the view that SAHA ought to have launched these proceedings immediately upon the expiry of the 180 day period following the

deemed refusal of each internal appeal, SAHA respectfully seeks the condonation of this Court for its failure to do so. This failure was a direct result of continued vacillation by the Department as to whether it would provide the records requested or not, and SAHA's attempts to avoid litigation against the Department unless such litigation is necessary.

## CONCLUSION

116 For all the reasons set out in this affidavit, I submit that:

116.1 The respondents have failed to give effect to their constitutional obligations and their obligations under PAIA; and

116.2 There is no justifiable basis for the refusals of access to the information requested.

117 In the circumstances, I ask that this Honourable Court grant an order in terms of the notice of motion.

Dear Lt Col Strydom

I refer to various PAIA requests as follows:

1. your ref. DS/DEISMD/R/202/3/7 - SAHA 2013/0007 | our ref. SAH-2013-DOD-0007 – request for records related to military intelligence, military budget and operations by chief of staff;
2. your ref. DS/DEISMD/R/202/3/7 – SAHA 2013/0008 | our ref. SAH-2013-DOD-0008 – request for records related to military intelligence, military budget and operations by chief of staff;
3. your ref. DS/DEISMD/R/202/3/7 – SAHA 2013/0009 | our ref. SAH-2013-DOD-0009 – request for records related to military intelligence, military budget and operations by chief of staff;
4. your ref. DS/DEISMD/R/202/3/7 – SAHA 2013/0010 | our ref. SAH-2013-DOD-0010 – request for records related to military intelligence, military budget and operations by chief of staff;
5. your ref. DS/DEISMD/R/202/3/7 – SAHA 2013/0011 | our ref. SAH-2013-DOD-0011 – request for records related to joint SAPS and SANDF deployment and certain reports provided by the SANDF to the Inspector-General of Intelligence;
6. your ref. DS/DEISMD/R/202/3/7 – SAHA 2013/0013 | our ref. SAH-2013-DOD-0013 – request for records related to budgets, and budgets, audit reports, financial records, policies, directives, guidelines and orders relating the special defence account.

With respect to items 1 and 2 above the department's decision on some of the items in these requests remains outstanding and with respect to items 3, 4, 5 and 6 above the department's decision on all parts of the requests remain outstanding.

In light of the fact that the department has over the last year provided decisions on large parts of the requests referred to in items 1 and 2 above (and provided access to SAHA, through its research associates to those records to which access was granted) as well as the fact that the department in February of this year indicated that it was working to declassify the records falling within the outstanding 2013 requests, I am writing to request whether the department has not perhaps taken further decisions in relation to the remaining outstanding requests / parts of requests.

Our researchers will be in Pretoria and available to visit the department's archive in the first half of July, and so, should the department have reached further decisions on these requests we would like to arrange for payment of

the access fees and for our associate researchers to visit the archive at a time that would be convenient to the department.

Trusting you will find the above in order, I look forward to receiving your response in this regard.

Kind regards

Dear Lt Col Erika Strydom

I really enjoyed the break - although the climb to the summit of Mt Kilimajaro was pretty tough - especially as I did not get my bag (got lost at the Nairobi airport) until Day 4 of the climb.. added to the challenge!

In the meantime - attached is SAHA's original PAIA Request SAH-2013-DOD-0008 - the request and attachment are in pdf form - so we would be interested to know if you are able to open this one - as part of getting to the bottom of that pdf issue. **Can you let me know if you cannot open it?**

(I am assuming we are still at initial request stage - or is this one at internal appeal stage?).

In the meantime, I have also cut and paste the content of that request below to ensure that there is no confusion about the content - the attachment is 16 pages - so this is quite long.

Thanks for the follow up.

Kathryn

If the provided space is inadequate, please continue on a separate folio and attach it to this form. You must sign all the additional folios.

State the grounds on which the internal appeal is based:

1. On 23 August 2013 SAHA made a request to the Department of Defence ('the requestee') for information under the Promotion of Access to Information Act, 2000 (PAIA). A copy of SAHA's PAIA Request is attached to this appeal.
2. On 30 August 2013 SAHA and the requestee exchanged correspondence to ensure the correct attachment had been attached to SAHA's PAIA request.
3. On 2 and 27 September 2013, and 7 October 2013, SAHA wrote to the requestee, reminding them that in accordance with PAIA they were required to respond to the request within 30 days.
4. On 25 September 2013, SAHA provided a response to the requestee confirming that the terms of SAHA's original PAIA Request included details on group numbers.
5. On 1 October 2013 SAHA wrote to the requestee seeking a notice under section 22 of PAIA requiring SAHA to pay the request fee on SAHA's PAIA request.
6. The failure by the requestee to provide a decision on the request constitutes a deemed refusal in accordance with section 27 of PAIA.
7. SAHA contests the refusal and submits this appeal.

- 8. Section 11 of PAIA provides that a requester must be given access to a record of a public body if the requester complies with the procedural requirements in PAIA and access to the record is not refused in terms of any ground for refusal contemplated in Chapter 4.
- 9. SAHA has complied with the procedural requirements of PAIA and the requestee has not offered any ground for refusal in Chapter 4 for refusing access to the requested records. The requestee has therefore unlawfully refused access to the requested records.
- 10. Furthermore, there is no justifiable basis on which the requestee could refuse access to the requested records.
- 11. SAHA therefore respectfully submits that the relevant authority should order that SAHA be given access to the requested records pursuant to section 77(2) of PAIA, which empowers the relevant authority to substitute the information officer's decision with a new decision.

State any other information that may be relevant in considering the appeal:

Dear Lt.Col. Strydom,

I note once the email below was sent the formatting was so that some of the headings moved and it is therefore a little hard to read. I therefore attach the letter in the form of a word document.

Kind regards

Toerien

2014-11-28 17:11 GMT+02:00 Toerien van Wyk <toerien@saha.org.za>:

Dear Lt. Col. Strydom,

I refer to SAHA's PAIA request for South African Defense Force records relating to military intelligence, military budget and operations by chief of staff (your reference: DS/DEISMD/R/202/3/7 - SAHA 2013/0008 our reference: SAH-2013-DOD-0008) as well as the department's decision letter on this matter dated 13 November 2014.

We note that the following records, forming a part of our request, were either not addressed at all in department's decision letter or there was an indication that these parts of the request were not sufficiently clear. When visiting the department's archive on Tuesday 25 November 2014 to view the records released under this request our associate researchers again checked these items against the archival list/index. We have noted that the handwritten index is not always clear and so some errors have crept in, there were also some transcription errors, we have therefore updated our request description of these records as follows:

Dear Lt Col Strydom,

I refer to SAHA's PAIA request with your ref: SAHA 2013/0008 // our ref: SAH-2013-DOD-0008 as well as your letter entitled "DS/DE/ISMD/R/202/3/7 - SAHA 2013/14/15" dated 6 July 2015 and received via email on 9 July 2015.

In this letter the department has indicated that it feels that SAHA had used the incorrect "group" number in its description of certain records, in its request, but that the department has "corrected" that. SAHA is then referred in this respect to various paragraphs in a previous letter, there is a note that the relevant pages of that letter is "enclosed" – but there was no further attachment and the letter the department seem to be referring to does not have the paragraphs referred to. ***Could the department therefore please forward me a copy of the letter referred to?***

I look forward to your feedback.

Kind regards

If the provided space is inadequate, please continue on a separate folio and attach it to this form. You must sign all the additional folios.

State the grounds on which the internal appeal is based:

1. On 27 August 2013 SAHA made a request to the Department of Defence ('the requestee') for information under the Promotion of Access to Information Act, 2000 (PAIA). A copy of SAHA's PAIA Request is attached to this appeal.
2. On 1 and 6 September 2013, and 1, 11 and 26 October 2013, SAHA wrote to the requestee, reminding them that in accordance with PAIA they were required to respond to the request within 30 days.
3. On 6 September 2013, the requestee provided a letter dated 30 August 2013 seeking a request fee in the sum of R35.
4. On 30 September 2013, SAHA provided a response to the requestee providing proof of payment of the sum of R35 on 16 September 2013.
5. The failure by the requestee to provide a decision on the request within 30 days of receipt of the request constitutes a deemed refusal in accordance with section 27 of PAIA.
6. SAHA contests the refusal and submits this appeal.
7. Section 11 of PAIA provides that a requester must be given access to a record of a public body if the requester complies with the procedural requirements in PAIA

and access to the record is not refused in terms of any ground for refusal contemplated in Chapter 4.

- 8. SAHA has complied with the procedural requirements of PAIA and the requestee has not offered any ground for refusal in Chapter 4 for refusing access to the requested records. The requestee has therefore unlawfully refused access to the requested records.
- 9. Furthermore, there is no justifiable basis on which the requestee could refuse access to the requested records.
- 10. SAHA therefore respectfully submits that the relevant authority should order that SAHA be given access to the requested records pursuant to section 77(2) of PAIA, which empowers the relevant authority to substitute the information officer's decision with a new decision.

State any other information that may be relevant in considering the appeal:

### F. Notice of decision on appeal

Dear Lt Col Erika Strydom

Thank you for the attached letter regarding SAHA's PAIA request for a list of joint deployments and reports to the Inspector-General of Intelligence (our reference SAH-2013-DOD-0011//your reference SD/DEISMD/R/202/3/7 - SAHA-0011), which was internally appealed on 12 November 2013. A summary of the content of that appeal is set out below for ease of reference.

I understand that **item 1** of the request regarding the list of joint deployments is being actioned and a response is expected to be provided by 30 December 2013. While the extension of time notification process at section 26 of PAIA does not apply to internal appeals, I am happy to indicate that **SAHA will not take further action to challenge a lack of response on this internal appeal until after 6 January 2014.**

In terms of **items 2 and 3** of the request regarding versions of reports that DOD provided to the Inspector-General, I want to clarify that the reports sought under this request are **not** compiled by the Inspector-General of Intelligence. **The request specifically seeks the reports DOD sends to the Inspector-General of Intelligence, which the Inspector-General of Intelligence then uses to create other reports - which we have not asked DOD to provide.**

In any event I note that the transfer function at section 20 of PAIA appears to only apply on an original request, and not on internal appeal. Even if you disagree with that view, the transfer function requires a transfer to the information of a public body (that is from DOD to SSA). And accordingly **it is not open to DOD to transfer that part of the request back to SAHA under section 20 of PAIA.**

Please let me know if you would like to discuss this email further - in particular I am hopeful that the Department will reconsider its proposed actions in relation to items 2 and 3 of this PAIA request.

Thank you for considering this, Kathryn

**SUMMARY OF PAIA REQUEST**

Copies of any and all records, or part of records:

1. Listing all joint deployments of the South African National Defence Force and the South African Police Service for each of the financial or calendar years that are available for the period from 1 January 2003 to 31 July 2013, including for each of the deployments - noting the information is sought even if each additional piece of requested information below is not available:

- The description of the nature and purpose of the deployment(s),
- Start and end dates for the deployment(s),
- Name of units deployed for each service, and
- Number of units deployed for each service.

2. Listing the names/titles of reports provided to the Inspector-General of Intelligence on unlawful intelligence activity or significant intelligence failure for those intelligence services/divisions in the South African National Defence Force that are accountable to the Minister of Defence and Military Veterans for each of the financial or calendar years that are available for the period from 1 January 2003 to 31 July 2013.

3. The declassified reports, or declassified parts of those reports (referred to at No. 2 above) provided to the Inspector-General of Intelligence for each of the financial or calendar years that are available for the period from 1 January 2003 to 31 July 2013.

Dear Lt Col Erika Strydom

I am just following up my email below in which I responded to your suggestion that there might be a partial transfer items 2 and 3 of SAHA's PAIA request on joint deployments (our ref SAH-2013-DOD-0011// your ref SD/DEISMD/R/202/3/7 - SAHA-0011).

Would you be able to update me on the proposed actions in relation to that proposed transfer?

Many thanks, Kathryn

Dear Lt Col Erika Strydom

Thank you for the attached letter regarding SAHA's PAIA request for a list of joint deployments and reports to the Inspector-General of Intelligence (our reference SAH-2013-DOD-0011//your reference SD/DEISMD/R/202/3/7 - SAHA-0011), which was internally appealed on 12 November 2013. A summary of the content of that appeal is set out below for ease of reference.

I understand that **item 1** of the request regarding the list of joint deployments is being actioned and a response is expected to be provided by 30 December 2013. While the extension of time notification process at section 26 of PAIA does not apply to internal appeals, I am happy to indicate that **SAHA will not take further action to challenge a lack of response on this internal appeal until after 6 January 2014.**

In terms of **items 2 and 3** of the request regarding versions of reports that DOD provided to the Inspector-General, I want to clarify that the reports sought under this request are **not** compiled by the Inspector-General off Intelligence. **The request specifically seeks the reports DOD sends to the Inspector-General of Intelligence, which the Inspector-General of Intelligence then uses to create other reports - which we have not asked DOD to provide.**

In any event I note that the transfer function at section 20 of PAIA appears to only apply on an original request, and not on internal appeal. Even if you disagree with that view, the transfer function requires a transfer to the information of a public body (that is from DOD to SSA). And accordingly **it is not open to DOD to transfer that part of the request back to SAHA under section 20 of PAIA.**

Please let me know if you would like to discuss this email further - in particular I am hopeful that the Department will reconsider its proposed actions in relation to items 2 and 3 of this PAIA request.

Thank you for considering this, Kathryn

Dear Lt Col Erika Strydom

I refer to SAHA's PAIA request of 27 August 2013 regarding joint deployments and unlawful intelligence records from 2003 to 2013 (our ref SAH-2013-DOD-0011// your ref SD/DEISMD/R/202/3/7 - SAHA-0011).

I confirm that this request was the subject of an internal appeal dated 12 November 2013, which I understand you were finally able to open and receive on 29 November 2013.

I confirm that now the entirety of this request will be responded to by the Department of Defence (and that there is now no indication that any part of this will be transferred back to SAHA).

We look forward to your earliest decision on this request.

Dear Col Strydom,

I am writing with reference to the following of SAHA's PAIA requests:

- SAH-2013-DOD-0008 (your ref: DS/DEISMD/R/202/3/7 – SAHA 2013/0008)
- SAH-2013-DOD-0009 (your ref: DS/DEISMD/R/202/3/7 – SAHA 2013/0009)
- SAH-2013-DOD-0011 (your ref: DS/DEISMD/R/202/3/7 – SAHA 2013/0011)
- SAH-2013-DOD-0013 (your ref: DS/DEISMD/R/202/3/7 – SAHA 2013/0013)

In light of recent decision letters in which access has been granted to certain records, SAHA would like to arrange for our associate researchers to visit the Department of Defence archive from Monday the 7th to Friday the 11th of December.

Pursuant to this, we would like to follow-up on access to certain records related to the above mentioned PAIA requests, as follows:

With respect to SAH-2013-DOD-0008: In a meeting between SAHA's Ms Toerien van Wyk and Colonel Barnard in October, it was noted that note that the records on page 9 of the decision letter were not made available to SAHA's associate researchers upon their visit to the Department of Defence archives. Col. Barnard confirmed that access should have been given and SAHA would like confirmation that these records have been located and will be made available when our associate researchers next visit the archive in December.

With respect to SAH-2013-DOD-0009: In the meeting between SAHA's Ms Toerien van Wyk and Colonel Barnard in October, Colonel Barnard indicated that the records in the table below were not released (in error) and will be made available. SAHA would like confirmation that these records have been located and will be made available when our associate researchers next visit in December.

Furthermore, with respect to SAH-2013-DOD-0009, please find attached a letter from DoD to SAHA dated 12 October 2015. Appendix A to this letter contains a corrected list of documents which were originally not indicated in the archival list received from the Defence Intelligence Division. SAHA requests confirmation that that these records have been located and will be made available when our associate researchers next visit in December.

With respect to SAH-2013-DOD-0011: In the meeting between SAHA's Ms Toerien van Wyk and Colonel Barnard in October, Colonel Barnard indicated that, with respect to records related to this request that could be located, a decision letter had been prepared and found to be made available once the necessary approval had been obtained and, with respect to records that could not be located, that a section 23 affidavit had been prepared and was awaiting signature. Could you please give an indication whether SAHA can expect a decision on this request by 30 November 2015?

With respect to SAH-2013-DOD-0013: SAHA requests an urgent response to our email of 16 November 2015.

Trusting you will find the above in order.

Dear Lt. Col. Strydom,

I refer to SAHA's PAIA request for records relating to joint deployments and unlawful intelligence activities (Your Ref: SD/DEISMD/R/202/3/7 - SAHA-0011 / Our Ref: SAH-2013-DOD-0011).

After our telephone conversation earlier this week I have been reviewing some of the outstanding requests from 2013. I note that in the last communication from the Department of Defence in relation to this request, in a letter dated "February 2013", forwarded to this office via email on 25 February 2014, the department stated that it would pursue the request further, can we expect a response shortly? For ease of reference I attach a copy of that letter.

I trust you will find the above in order and look forward to receiving feedback in this regard.

Kind regards
